

ANATOLA

MEDIA KIT

ABOUT

Anatola is an artist, futurist, and award-winning filmmaker who **pushes the boundaries of storytelling** by fusing art & technology.

Her film, Afro Algorithms, has screened across the globe and has been selected to be onboard **NASA's first Moon mission** since 1972.

Anatola has spoken at the United Nations and leading Universities. Her work has been exhibited at the **MoMA, Lincoln Center, and Art Basel**. She has been seen in ELLE, Vogue, & Harper's Bazaar.

Anatola's passion is to inform, inspire, and reimagine the world as it could be.
